

# AquaAroma tank series

## AquaAroma and AquaAroma Crema – optimised for mobile coffee machines

The AquaAroma and the AquaAroma Crema filter cartridges reduce carbonate hardness in drinking water and protect espresso machines and coffee machines against scale build-up. The filter material reduces the level of substances that impair the smell and taste such as chlorine.

With the AquaAroma Crema the taste can be optimised by adjusting the Aroma setting to the local carbonate hardness. The cartridge filters the water just before activating the brewing process.

AquaAroma filter cartridges are suitable for use in specially designed or retrofitted tank systems, and also for mobile coffee machines with an integrated water tank. They filter water while filling the water tank. Thus, the entire volume of the water tank is filled with filtered water.

## BRITA Professional Filter Services

We believe that becoming a BRITA customer is only the beginning of a long-lasting and enriching partnership. Our extensive service portfolio is best in class: a broad offering including end-to-end support and expert advice, dedicated training sessions, value-adding tools and sustainable solutions – all designed to make your work life easier, and to help strengthen your business.

## The benefits to you

### AquaAroma Crema

- Can be fitted in the water tank horizontally
- Water quality can be adjusted by using the Aroma ring – according to local water quality
- Constant water pressure and temperature during brewing

### AquaAroma

- Reduced service costs
- Lower running costs
- Direct distribution by the operator
- Easy filter exchange – simply by the user

# Pure coffee enjoyment

## AquaAroma Crema

Filter cartridge suitable for use in coffee machines with specially designed integrated water tank systems (suction operation).

The Aroma ring of the AquaAroma Crema adjusts the filter performance perfectly to the local water conditions. To identify the right adjustment for the respective hardness, indicator strips

will be delivered with every cartridge. AquaAroma Crema filter cartridges are suitable for use in coffee machines with specially designed integrated water tank system - the water is sucked through the

cartridge. The food safety of BRITA Professional water filter products is tested and monitored by independent institutes.

## AquaAroma

Filter cartridge suitable for use in coffee machines with tank-in-tank system (gravity operation).

AquaAroma filter cartridges are suitable for use in specially designed or retrofitted tank systems, and also for mobile coffee machines with an integrated water tank.

The food safety of BRITA Professional water filter products is tested and monitored by independent institutes.

	AquaAroma Crema		AquaAroma		
Technology			Decarbonisation		
Dimensions Cartridge Pot	42.8/106.9/60.8 mm (W/H/D)		89.6 mm (Diameter cartridge pot)/36.2 mm (Height cartridge pot)		
Water intake temperature			4 - 30 °C		
Order number	101831 (Pack 1)   1001368 (Pack 60)		216000 (Pack 1)   235600 (Pack 6)		
Typical capacity - taking account of the local carbonate hardness - AquaAroma Crema					
Adjustment flavour setting	Definition	Capacity <sup>1</sup>	Cups 35 ml	Cups 130 ml	Cups 150 ml
Level A	soft water	220 l	6,300	-	1,470
Level B	medium hard water	150 l	4,300	-	1,000
Level C	hard water	80 l	2,300	-	540
Typical capacity - taking account of the local carbonate hardness - AquaAroma					
	Carbonate hardness	Capacity <sup>1</sup>	Cups 35 ml	Cups 130 ml	Cups 150 ml
	6 °dH	242 l	-	1,860	1,610
	8 °dH	181 l	-	1,390	1,210
	10 °dH	145 l	-	1,120	970
	12 °dH	120 l	-	930	810
	14 °dH	103 l	-	800	690
	16 °dH	90 l	-	700	600
	18 °dH	81 l	-	620	540
Explanatory notes	<sup>1</sup> The capacities given have been tested and calculated on the basis of normal application and machine conditions. Due to external influences (e.g. varying water quality, usage and/or machine type) deviations from these results can occur.				

Only drinking water quality may be used as the water supply for BRITA water filters.
